STATE TASK FORCE

Alabama Autism Task Force

In March 2007, Governor Bob R. Riley, Jr. signed HJR 23 to create a statewide task force in autism. The Alabama Autism Task Force met for one year to examine the diagnosis and treatment of individuals with autism and report to the legislature of findings and recommendations. The task force was composed of 25 members, including legislators and representatives from state agencies, healthcare providers, educators, and professionals with an interest in autism. HJR 12 was signed by Gov. Riley on April 8, 2008 extending the reporting date for the task force to the third day of the 2009 Legislative Session. Rep. Cam Ward (R-Alabaster) served as the chair.

Alabama Interagency Autism Coordinating Council

HJR 3 was signed into law by Gov. Riley on May 29, 2008 creating the Alabama Interagency Autism Coordinating Council. H.B. 74/S.B. 278 was introduced on February 3, 2009 to establish an Alabama Interagency Autism Coordinating Council to develop a long-term plan for a comprehensive and coordinated statewide system of care for individuals with autism spectrum disorders. The council would include adults with autism spectrum disorders, parents of a child with autism spectrum disorders, service providers, legislators, representatives of state agencies, and professionals with an interest in autism. On February 5, 2009, H.B. 74 was referred to the House Committee, and S.B. 278 was referred to the Senate Committee on Health.

ALABAMA

STATE INSURANCE COVERAGE

Alabama currently does not offer health insurance coverage for the diagnosis and treatment of individuals with autism. H.B. 677 was signed into law in 2000 providing equitable health insurance coverage for mental illnesses as defined by the International Classification of Diseases, including autism spectrum disorders. Under the law, group health benefits plans must provide coverage for the treatment and diagnosis of mental illnesses as with medical illnesses (*Alabama Code §27-54-1*).

EDUCATION

H.B. 227 was introduced January 15, 2008 to create a scholarship program for students with autism. Under the legislation, students with autism would be provided the option to attend a school other than one in the resident school district. The Alabama Department of Education will review the individualized education program to determine the amount of the scholarship. The maximum amount of the scholarship is the equivalent amount that for educational services the student would have received by attending a school in the resident school district. The legislation was referred to the House Education and Appropriations Committee on February 5, 2008.

EDUCATION PROGRAMS AND ACTIVITIES

Alabama Autism Conference

The Alabama Autism Conference provides professionals with an interest in autism information on the latest in autism research. The conference is focused on professionals who provide services to individuals with autism and researchers. The 8th Annual Alabama Autism Conference was held on February 26-27, 2009 at the University of Alabama – Tuscaloosa.
