

YOUTH SUMMER CAMP

Easterseals Innovative Out-of-School Time Youth Program offers an 8-week program located this year at Finland Elementary School in the SWC School District. This program is open to children between the elementary school ages of kindergarten completion through 12 years old. The program provides a quality summer camp experience to children who may not otherwise have the opportunity. The average day at the program focuses on reading, math, social activities and physical fitness to help prevent the “summer slump”. The best part? Thanks to the Franklin County Commissioners this camp is absolutely **free!**

Out-of-School Time Youth Program Quick Facts

- That’s right, **no tuition cost** to families of those who qualify for TANF benefits—SNAP, cash assistance, etc.
