

In-Home Services

Easterseals is changing the way the world defines and view disabilities by making profound, positive differences in people's lives every day. Everyone has different care needs and our in-home services enable children and adults of all ages with disabilities or special needs, including autism, to live in their homes for as long as possible. Our in-home services support people's daily independence and help them reach their full potential—regardless of challenges, needs or disabilities.

Working with our clients' interests in mind, Easterseals strives to create a safe, secure environment of respect that results in high quality care. With Easterseals, families have the ability to select their personal care assistants. Applicants are matched to clients and families via an extensive interview and screening process.

Through Easterseals in-home services, the following assistance is offered:

- Personal care
- Transfers and lifts
- Meal preparation
- Skill development
- Housekeeping
- Behavior support
- Delegated nursing
- Social and recreational opportunities
- Transportation

We work with county boards and officials to make sure the needs of the community are met. Currently, we provide in-home services in the following counties:

Athens, Fayette, Gallia, Jackson, Lawrence, Meigs, Morgan, Pickaway, Pike, Ross, Scioto, Vinton, Washington
