

YOUTH SUMMER CAMP

Easterseals Innovative Out-of-School Time Youth Program offers an 6-week program located this year at Easterseals in Hilliard. This program is open to children between the elementary school ages of kindergarten completion through 11 years old. The program provides a quality summer camp experience to children who may not otherwise have the opportunity. The average day at the program focuses on reading, math, social activities and physical fitness to help prevent the “summer slump”. The best part? Thanks to the Franklin County Commissioners this camp is absolutely **free!**
