"We have but one life. We get nothing out of that life except by putting something into it. To relieve suffering, to help the unfortunate, to do kind acts and deeds is, after all, the one sure way to secure happiness or to achieve real success. Your life and mine shall be valued not by what we take … but by what we give."
- Edgar Allen, Founder of Easterseals

NORTHERN COLORADO PROGRAMS

Easterseals Colorado, Northern Colorado Services supports those 18 and older in Larimer and Weld Counties through meaningful supports and programs. We have a variety of programs to meet our participant's needs.

Our day programs are structured to have our participants lead their activities and have meaningful, life-long learning activities. Our participants are active in the planning of the monthly activity calendars, and their diverse wants and needs in a day program can be seen in the diverse, active, and engaging monthly activities. All of our day programs are active in our local communities and we participate in local cultural events, volunteering, supporting local business, and giving-back to our community.

**WINGS provides day program services Monday through Friday, 9 AM to 3 PM.
We offer daily in house and community activities. Wings is able to give medications, provide incontinence care, and work closely with participants on their everyday goals and therapies.**

EDUCATIONAL CLASSES

WINGS Adult Day Program offers educational classes in topics such as art, cooking, nature and science, and DIY.

We have other learning focused activities like music therapy and book club.

**"I have lots of fun at WINGS Day Program.
I have a lot of friends and we do lots of fun activities. The staff is awesome."
- WINGS Participant**
