

We believe every child deserves to thrive in an inclusive community.

Our main goal is to ensure that all people, no matter what background or ability, are 100% included and 100% empowered. Easterseals DuPage & Fox Valley is part of a National organization that has been advocating for people with disabilities for more than 100 years. **We are here to help support your DEIA initiatives.**

## Education & Understanding

### ● Disability Awareness & Appreciation

Our team members are available to lead informative Lunch & Learns. These sessions will help your staff gain a greater understanding of disability terminology and social considerations. Hands-on stations will introduce them to the services and adaptations available to children at Easterseals.

### ● Reducing Barriers to Employment

We can connect you to individuals who will share how their disability has impacted their job search and employment. Learn from their personal experience to help guide improvements to your hiring process and/or physical office space.

## Support for your Team

### ● Screenings & Resources

Tap into our online toolkit for parents and caregivers. We provide free early childhood screenings to help track child development and determine if 0 - 5-year-olds are reaching age-appropriate milestones.

### ● Benefit Considerations

Learn how HR can best support employees raising a child with a disability. We can help navigate insurance plan options, share resources and make parent-to-parent connections.

### Let's connect!

Other opportunities to align with our cause include volunteerism, event participation or program sponsorships.
