Cut here to create a square template for your tile artwork.  
**Minimum Size: 8.5" x 8.5" | Maximum Size: 12" x 12" | Will be converted to a 6" x 6" tile**

Artwork should depict what the theme "house and home" means to you.

**Helpful Hints:**

Steer away from very light colors. Primary colors work best.  
Cover all the paper, but avoid fine detail around the edges  
in case the margins are trimmed.  
White space will not translate well on the tile.  
If using crayons, press hard!
