

Energizer Radio Crank Light

2010.634

A crank light that doesn't require batteries or electricity. Headphone jack, AM/FM radio, 4 white LEDs, 1 red LED and 90 decibel siren included. (Image to the left)

AlbacMat:Rescue Mat

2010.618

The AlbacMat is constructed from customized materials - including polypropylene board and a lightweight canvas material. The polypropylene board acts as an insulator to the patient and absorbs any concussions incurred while in transit. It also enables the AlbacMat to 'glide' over all types of surfaces. (Image to the left)

Emergency Weather Station

2010.633

LEDs light up entire room. Push button switch for high, low and off. Cell phone charger. Four function radio. Energizer brand. (Image to the left)

First Alert Talking Alarm

2010.617

Be immediately notified when the smoke or carbon monoxide is in your home and to make the best decisions possible in an emergency situation. Talking device. (Image to the left)

Posy KeepSafe

2010.613

Simple to operate with a magnet and pull-cord, this personal alarm can be used on a bed, chair or toilet. (Image to the left)

SMART fall alarm system

2010.614

For use with pressure pads to sense movement, 9 volt battery. (Image to the left)

Phone Flasher

2010.630

Powered by the phone line, thus no additional power supply is needed. Will work with some telephone PBX system and video phone equipment. Phone flasher spreads light to better signal an incoming call. Can be used anywhere in phone systems. (Image to the left)

Compact Battery Disconnect

2010.632

The Compact Battery Disconnect stops battery drain and discourages theft. It also is easy to install and can be used with batteries between 6-12 volts.(Image to the left)

Fridge Guard

2010.631

The Fridge Guard is an easy way to keep your fridge safe and shut. The latch and hook connect to your fridge with double sided tape. If you have a double door fridge, another set is required. (Image to the left)

Great Grips

2010.238

Door knob cover for easy opening. (Image to the left)

Easy Turn Lampswitch

2011.239

Lampswitch turns smoothly with just a light touch. Ideal for anyone with a limited grasp. (Image to the left)

StoPower

2011.493

Once the lock is turned and the key removed, this safety lock makes a power cord inoperable while the StoPower is intact. (Image to the left)

TapSafe

2011.456

When installed properly, this product ensures that water is delivered at a temperature of no higher than 120°F to prevent burning or scalding. (Image to the left)

Rug Gripper

2010.616

Coming in rolls, these rug grippers can be used to ensure that all rugs and carpets remain in place. Besides preventing the rugs from slipping, the rug gripper also keeps the rug from getting folded or wrinkled. (Image to the left)

Ove' Glove

2010.635

High heat protection and flame resistant. For left or right hand. Five fingered design provides flexibility and more control. (Image to the left)

Long Cuff Oven Glove

2010.636

Heat and flame resistant fiber provides excellent protection for hands while cooking. Extra long cuff provides protection for arm and wrist. Both sides of gloves have silicone grip aids that are heat resistant. Five fingered design provides flexibility and more control. (Image to the left)

Key Turner

2010.623

Large handled key ring supports ability to turn keys. Easily turns hard-to-grasp keys. Fold in device when not in use and holds up to 3 single keys. (Image to the left)

Easy Reach Seat Belt Handle

2010.619

A flexible, one piece lightweight device providing an easier way to reach your seat belt so that you can buckle up. Glows in the dark. (Image to the left)

Panoramic Rearview Mirror

2010.620

Clip on style and is easily installed without tools. (Image to the left)

Handybar

2010.621

No vehicle modifications required. Used for support entering and exiting a vehicle. Can also be used for a side window breaker or seatbelt cutter in emergency situations. (Image to the left)

Extra Large Panoramic Rearview Mirror

2010.622

18 inch clip-on style rearview mirror. No tools or vehicle modifications required. (Image to the left)

Sheepskin Seatbelt Shoulder Strap Cover

2010.629

Surrounds the seatbelt to allow for comfort. Fleece material and various colors available. Velcro Closure. (Image to the left)

ID Neck Pouch: Horizontal

2010.602

This black neck pouch is convenient for displaying a badge or ID card as well as for storing papers and has a zippered pocket. (Image to the left)

ID Neck Pouch: Verticle

2010.603

This black neck pouch is convenient for displaying a badge or ID card as well as for storing papers and has a zippered pocket.

Glow Tape

2010.601

This tape glows in the dark and makes it easier to show surfaces when there is low lighting or it is nighttime. (Image to the left)
