

**All weighted items will only be loaned with a prescription from an Occupational Therapist or Physical Therapist.**

**Weighted items should be used as trial devices following the close guidance of a weighted plan.**

**Adjustable Weighted Blanket**

**2010.406**

Add weights to this large blanket to address sensory experience per individual user. (Image to left)

**Weighted Denim Vest**

**2010.419**

Patented weight insert applies deep pressure directly to the muscles of the upper back and high on the upper chest. (Image to left)

**Go-Fish Vest**

**2010.409**

Blue vest, medium size for youth users. Designed to add weighted stimulus to individual wearers. (Image to left)

**In Your Pocket Vest: Khaki or Oxford**

**2010.412**

Vest that can be used with rectangle weights to addresses varying weight specification for individual wearers. (Image to left)

**Match Mate Vest**

**2010.402**

Yellow vest with large pockets designed to hold various objects.  
(Image to left)

**Backpack Turtle**

**2010.407**

Plush fabric turtle is also a backpack. Unzip the shell to tote around favorite items, school supplies, or additional weight.  
(Image to left)

**Bean Bag Frogs**

**2010.604**

Set of 6 frogs. Smooth texture, wipe clean. Can be used with pocketed vest. Each frog weights approximately 1 pound. (Image to left)

**Go-Fish Weighted Fish**

**2010.410**

Set of 10 weighted yellow fish. Fish can be attached to Go-Fish Weighted vest to add weight stimulus to individual wearer. Weight can be adjusted by adding or removing fish. (Image to left)

**Rectangular Weight**

**2010.415**

Set of 4 rectangular weights. Can be used in conjunction with a weighted vest to reach the desired weight. Each individual weight measures ½ pound. (AT Lending Library has second set in green) (Image to left)

**Weighted Pass**

**2010.420**

Weight with hook for carrying or attaching for weighted stimulus. Each weights approximately 2 pounds. Can be used in conjunction with other weight. (Image to left)

**Weighted Shoe Pockets**

**2010.421**

Two pockets with weights to attach to shoes. Available weights are 4 oz, 6 oz, and 8oz. (Image to left)

**Lap Pad**

**2010.414**

Weighted lap pad provides gentle pressure on muscles and joints. Pad measures 9 inches by 22 inches and is a total of 6 pounds. Designed for children or small adults. (Image to left)

**Tote Around Turtle**

**2010.417**

Weighted animal is specifically designed to provide input and stability with weighted stimulus enabling an individual to maintain focus. The turtle weights approximately 5 pounds. (Image to left)

**Weighted Caterpillar Critter**

**2010.418**

Brightly colored caterpillar with weighted sections throughout designed to add light weights stimulus. The overall weight is less than 2.5 pounds. (Image to left)

**Weighted Pen**

**2010.403**

Large grip ballpoint pen. Adjustable weight by adding or removing up to five 8-10 gram weights (included in pen). Uses standard pen refills. Latex Free. (Image to left)

**Write Weight**

**2010.405**

These weights provide stimuli while writing and using the muscles in the hands. They contain weight of the knuckles and strap across the back of the hand. (Image to left)

**Weighted Utensil Holder with Velcro**

**2010.423**

Strip of weighted plastic with Velcro to strap around hand. (Image to left)
