2. Zoom works on your PC and your smartphone.
 - a. If you want to use it via PC, you will need a webcam and microphone. If you don't have these things, it's easy to use on your smartphone or tablet.
 - b. To download for PC, go here: <https://zoom.us/download> and choose "Zoom Client for Meetings."
 - c. To download it for Android or Iphone, go to your app store and search Zoom. You want "ZOOM Cloud Meetings," with the icon that looks like this: 
3. Once you have downloaded the Zoom feature, you will click on the zoom link in the email you received, at your appointment time, and your appointment should begin. As a reminder, this appointment will be video and audio.
