

FORE THE KIDS! Easterseals

Let's get OUTSIDE!

**Tee it up & learn golf!
Kids ages 4 and up are
welcome to sign up!**

The lessons are provided by Wedgewood staff, and adapted with OT & Speech services. We will not be hands on, but are asking parents to play an active role in sessions. Speech will focus on sequencing and communication; OT will provide sensory regulation strategies to focus on during the lesson. The kids will have fun practicing their golf swing with water balloons, using SNAG equipment, and playing for prizes! Everything will be outside. If the weather does not cooperate, we allow for one make up session as a group.
