

Dear

I am writing to urge your support for two critical bills, H.2291 and S.1553, aimed at expanding employment and housing access for individuals with disabilities. As a constituent and advocate for disability rights, I believe these bills are essential steps towards achieving greater inclusivity and equity in our communities.

H.2291 and S.1553 address loopholes that have long hindered individuals with disabilities from accessing housing and employment opportunities. By requiring buildings built before 1991 and all workplaces to meet Americans with Disabilities Act (ADA) accessibility standards, these bills will ensure that individuals with disabilities can fully participate in society without facing unnecessary barriers.

Access to accessible housing and employment is not just a matter of convenience; it is a fundamental human right. These bills will not only improve the quality of life for individuals with disabilities but also promote economic growth and social cohesion in our state.

I urge you to support H.2291 and S.1553 and advocate for their passage. Your leadership on this issue will make a significant difference in the lives of individuals with disabilities across Massachusetts.

Thank you for your attention to this matter. I look forward to your continued support for disability rights and inclusion.

Sincerely,
