

Provider Billing Training

NBES Provider Billing Education

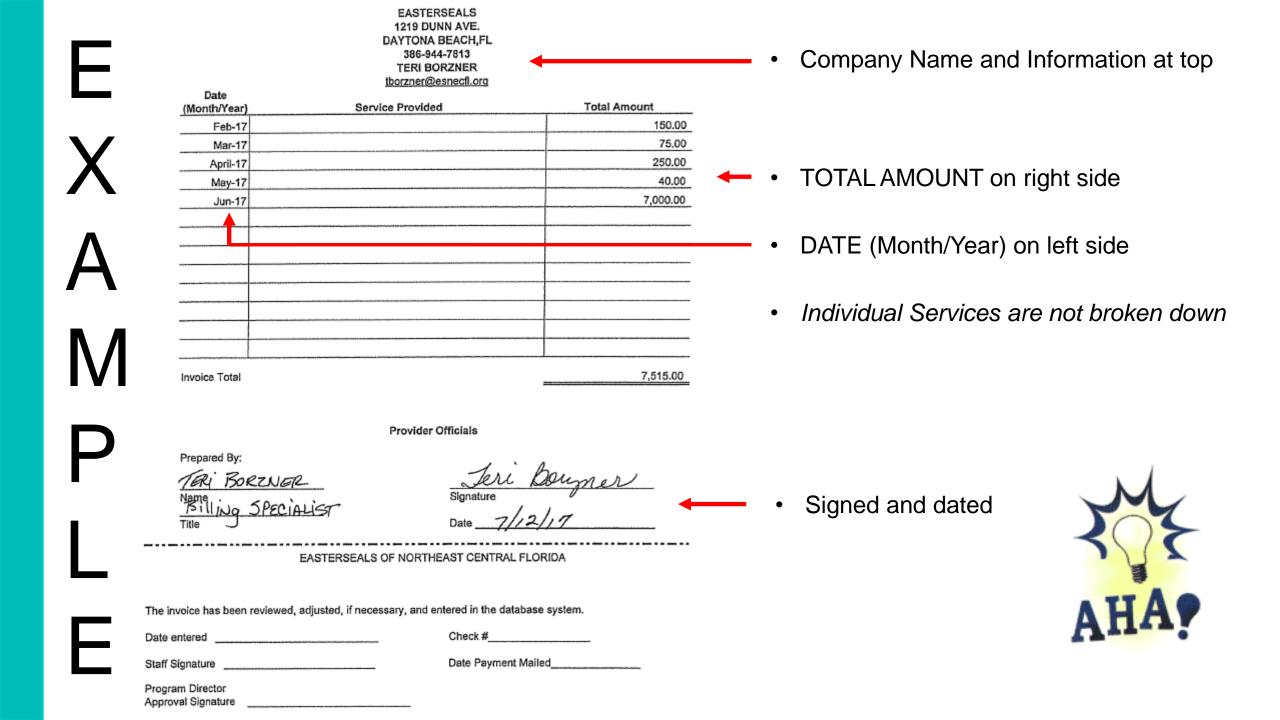

- Invoice Summary
- Billing Grid
- Consultations
- Travel Log
- Organizing

INVOICE SUMMARY

- This page should always have your company name and Information filled in at the top. If you need me to email the form to you so you can back out the example information and enter your own let me know and I will do so.
- When entering totals all that is required is the month and year on the left hand side and the total due on the right hand side. You DO NOT need to break down the individual therapy/therapies, NEF, or travel.
- Please make sure to sign and date form. If this is not done then your invoice could get sent back

- ALWAYS alphabetize your grid.
- Make sure you fill in the Child's date of birth. If we cannot find the child by name, we search
 by date of birth and usually find them.
- We need you to fill in the correct location code for service. (These codes are in the training letter.)
- We have assigned a billing code for each provider. Please do not make up what you think
 it is. If you need a list of provider codes for your agency, please contact NBES Provider
 Relations Specialist, Tami Kruger, for assistance.
- Please make sure to use the correct service code that you are providing. If the code is incorrect, this could cause your claim to be denied.
- Always use the assigned provider that is on your from G. If you feel the need to change the
 provider to someone else then contact the child's service coordinator to have the form G
 updated to new provider. If the assigned provider is on vacation and someone else is
 covering please make note of that in your invoice. If you report a different provider than
 what was assigned your claim can be denied.

BILLING GRID (continued)

 Please review the training letter about how to report units under each date of service. The total units at the end of the row should reflect total of units.

Example: 1 hour is 4 units. You report the 1 under the date of service

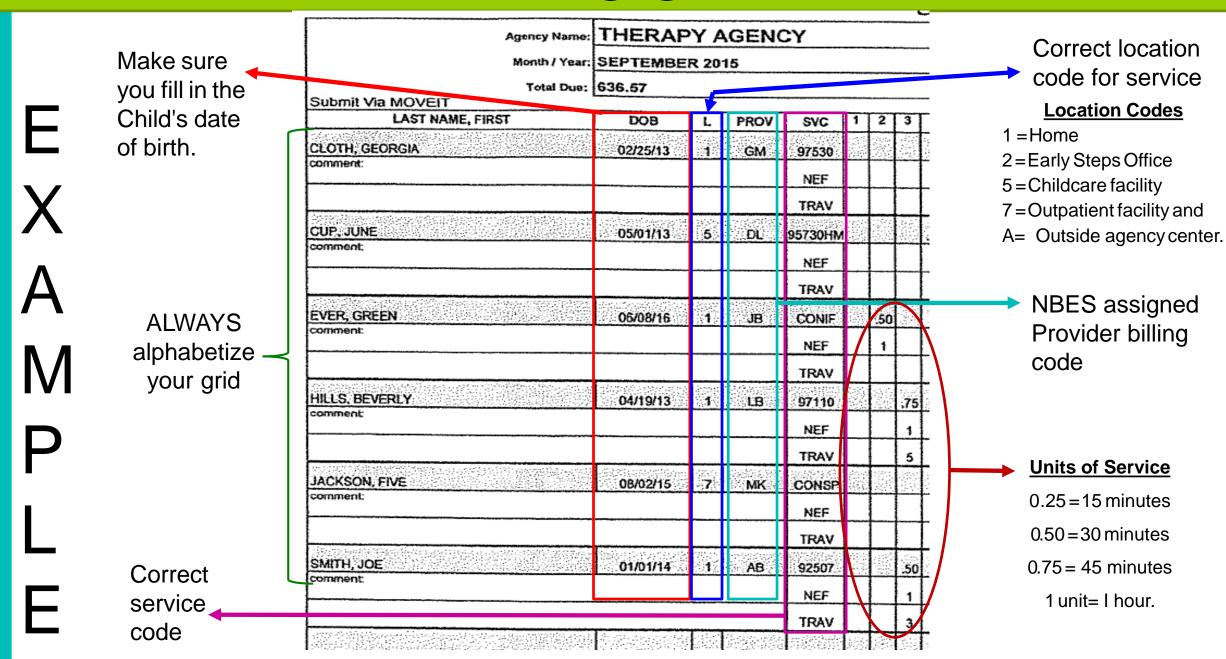

and the 4 under the total units at the end of the row.

Please review the payer codes on training letter.

 The amount column should only have the dollar figure in it IF you are expecting CONT payment for the service. If another payer is responsible then the dollar figure will be zero.

- Make sure that you provide one billing grid for each month that you have included in your invoice. May cannot be on the same grid as June.
- Must report ALL claims within 60 days from the date of service no matter who the
 payer is. Items such as consults, NEF and travel should be reported every month
 as contract funds cover those services. You would not be waiting for any denials.

E M

- The "1 hour" is reported as "1" under the date of service
- The "4 units" are reported under the total units at the end of the row
- In this example 4 dates of service x 4 units each = 16 Total units

- The amount column should only have the dollar figure in it IF you are expecting CONT payment for the service.
- If another payer is responsible then the dollar figure will be zero.

SELECTES LA SERVICIO

BILLING GRID - TRAINING LETTER

FRONT PAGE OF BILLING INVOICE

- 1. Create your own Agency Information at top of page with all needed information.
- When filling in the monthly totals due please list the month and year and total due.
 If you have more than one month that you are billing for please list the month's totals due on separate lines. (See attached example.) Do not break down per service.
- 3. Remember to fill out the Prepared By: Name, title signature and date.

BILLING LOG

- Make sure you fill in the top portion of first page with your agency name, month/year and Amount due for total invoice.
- 2. Must report all services no matter who the payer is. Payer codes are listed at the bottom of the first page of the billing log.
- 3. Billing log location codes. Please make sure to fill in what location you are seeing the child In. 1 = Home, 2 = Early Steps Office, 5 = Childcare facility and 7 = Outpatient facility and A = Outside agency center.
- 4. When entering units of service please use: .25 = 15 minutes, .50 = 30 minutes, .75 = 45 minutes and 1 unit = 1 hour. Must be filled in on each date of service. Please do not put Xs in each box. (This could cause your invoice to be returned.) In the Units box you will need to fill in the total units for the month. (Please see example attached.)
- If there is another payer that you have billed for services please DO NOT fill in amount due column. This makes it look like you are requesting money from Early Steps.
- 6. When billing services please use the Early Steps Taxonomy that is included in your packets.
- 7. If you are a member of MOVE IT you can send your monthly invoices to me at the email address of tborzner@esnecfl.org. Do not send directly to my email address as this is a HIPPA violation. Send it through MOVE IT which is a secure website.

CONSULTATIONS

									1		

EXAMPLE

- Please fill out your travel logs like the example I have included.
- Report the total miles traveled. We then subtract the 22 miles allowed under the Natural Environment fee from that total and process the difference.
- Just a reminder that we only allow one return trip to your base at the end of the day <u>IF</u> that child is an Early Steps child.

SUBMISSION ORGANIZATION

- When putting together EOBs or Consult forms, please put them behind the proper page of your billing grid that they belong with.
- If we receive billing grids and a bunch of denials not in order, we have to take the time to organize everything before we can begin to process your invoice.

- This slows down processing!
- The more organized your invoice is the quicker we can get through them.
- If you have any questions when processing your claims please feel free to call Teri Borzner at 386-944-7813

NBES Provider Billing Education
