

UPDATING NPI INFORMATION DIRECTLY ON NNPES WEBSITE

<https://nppes.cms.hhs.gov/#/>

- Log in to your provider account (there is a link if you forgot your username or password)
- Manage Provider Profile
- Under your name on left, you will see Provider Profile, Address, Other Identifiers, Taxonomy, Contact Information, Error Check
- You can look through each section to see if you need to update any other information, but your Taxonomy/state info is under the Taxonomy tab (see below)
- Make sure you Save (at bottom) after each page
- Video on new fields: <https://www.youtube.com/embed/BOJCAj1P2u8>

Taxonomy

Provider's Taxonomy and License Information.

* Indicates Required fields.

You are required to identify at least one taxonomy to associate with your NPI. If you identify more than one, you must identify which one is the primary taxonomy. Provider Taxonomy codes and their description can be found on the Washington Publishing Company's web page at <http://www.wpc-edi.com/codes/taxonomy>.

To enter a taxonomy code, start by entering either the taxonomy code, classification code, or specialty in the search box. All taxonomies containing the data you enter will display allowing you to select the appropriate one. Once you have selected the appropriate Taxonomy code, the corresponding fields next to the search box will be populated. Complete your taxonomy code entry by entering the License and State information.

You have indicated on the Provider Profile page that the Provider is a Sole Proprietor.

* Practice Type: Not a Group Multi-Specialty Single Specialty Multiple Single Specialty

* Classification Name/Specialization: License Number: State Issued:

Choose taxonomy

- 111N0000X - Chiropractor -
- 111N0012X - Chiropractor - Independent Medical Examiner
- 111N0900X - Chiropractor - Internist
- 111N0400X - Chiropractor - Neurology
- 111N1001X - Chiropractor - Nutrition
- 111N0100X - Chiropractor - Occupational Medicine
