

**Sunshine Health  
Overview of Early Intervention Services (EIS)  
And EIS Targeted Case Management (TCM) Billing and  
Reimbursement**

**1. EIS and EIS TCM billing and reimbursement during the continuity of care period:**

For all newly enrolled members, Sunshine Health allows for a continuity of care (COC) period for EIS and EIS TCM services as we do for other services that the member was receiving prior to enrolling in Sunshine Health. The COC periods are:

- 60 days for MMA members
- 90 days for Child Welfare members

This means that a provider can bill Sunshine Health for the EIS and EIS TCM services that a new member was receiving, prior to enrolling in Sunshine Health, without having a contract in place. Sunshine Health will pay the Medicaid FFS rate for these services, unless the provider was paid more. We will pay that higher amount for the first 30 days.

- Sunshine Health system has been set up to pay all EIS and EIS TCM claims after the COC period

**2. Billing guidelines**

Attached are the Early Intervention codes and modifiers. Please be sure to include the applicable modifier on your claim or the claim may be denied.

#### 4. **Process for reimbursement:**

Providers can submit clean claims through a clearinghouse, paper billing or the Sunshine Health Secure Provider Portal (as noted above). Clean claims will require:

- Correct code with modifier.
- National Provider Identifier
- Correct Taxonomy Code

A claim is defined as (1) a bill for services, (2) a line item of service, or (3) all services for one beneficiary within a bill. A clean claim means one that can be processed without obtaining additional information from the provider of the service or from a third party as outlined in 42CFR 447.45(b).

If an EIS or TCM provider has not executed a contract by the time a region is implemented, Sunshine Health will pay EIS or TCM claims from non-participating providers until the contract is executed.

#### 5. **Timeline of reimbursement from receipt of a clean claim:**

Sunshine Health follows AHCA guidelines. Clean claims will be adjudicated within 15 days of receipt of an electronic claim or 20 days from receipt of a paper claim.

#### 6. **Billing Tips and Common Errors seen for EIS & EIS TCM Claims:**

- Ensure you are submitting a clean claim! This is information that must be on the claim:
  - Correct code with modifier.
  - National Provider Identifier
  - Correct Taxonomy Code
- There are some common errors that result in denied claims. Consider these errors when submitting claims:
  - Submitting without a modifier (see section 2. above for the appropriate modifiers)
  - Submitting to the incorrect Payor ID or claims address:
    - EIS codes to the medical payor ID or claims address

- Targeted Case Management to the behavioral health payor ID or claims address
- See section 3. above for the correct payor ID or claims address
- Submitting the same claim or service twice (duplicate claim)
- Submitting without including the Rendering Provider NPI Number
