

**LTC
SCRIPTS**

A LONG TERM CARE *pharmacy* YOU CAN COUNT ON

LTC Scripts, a division of LongValley Pharmacy, stands ready to assist campers with all of their pharmacy medication and supply needs to make your time at Camp Merry Heart as memorable as possible, without worries about pharmacy medication services.

We are located only 10 miles away from the camp, and offer daily delivery service with emergency medications delivered when requested. You can rest assured that if the need arises for additional medications or supplies once the camp session has begun, we will take care of it for you without hesitation.

→ We use the **camp approved customized packaging** for all medications, following their policies and procedures for the safest approach to dispensing.

→ Full line of medical and surgical supplies, including wound/skin care, DME, urologicals, ostomy and incontinence products.

→ Assignment of a key pharmacist and technician team, that will assist you from the intake and information gathering step to the day your camp session ends.

→ Streamlined intake procedures. Just fill out the attached form and submit it to our team. **We will contact your physician's office to take it to the next level of completion.** We ask that you contact the key person in your physician's office to make them aware of your upcoming camp session. We will take it from there.

→ Medication administration records (MAR) are provided based on your medications dispensed to the camp director to assist them in properly administering medications, correctly and on time.

→ We bill your insurance carrier and accept **ALL** plans, including Medicaid. You are only responsible for co-payments, co-insurance and deductibles, the same as if you were at home. We suggest you do not refill medications for more than 30 day supplies prior to the camp session. We will advise you better on your options once we obtain your intake form, all designed to maximize less out of pocket costs to each camper.
