

2022 Annual Impact Report

Brian Fitzgerald

President/CEO Easterseals NJ

2023 marks the 75th anniversary of Easterseals New Jersey and I couldn't be prouder of the impact we have been able to make over the years.

As you read through this report and see what was achieved throughout 2022, I want you to remember that none of it would have been possible without our dedicated staff, generous donors, and incredible program participants and their families.

Thank you for making a difference in the lives of people with disabilities. I am excited to see what the next 75 years brings.

I had a wonderful time - I can't wait to go next year. Thank you for all you do for the community.

My favorite parts were the yoga and the pet therapy - this was the exact thing I needed to relax

George

Perilous to Published

Homeless and struggling with depression, George came to Easterseals three years ago seeking help. Throughout his time with us, George made tremendous strides in the goals he wanted to accomplish. He secured and maintained housing, established positive relationships with his family and peers, and became an active member of his community.

Most recently, George accomplished one of his biggest goals, to become a published author. With the help from his Case Manager at Easterseals and the support from his family, he was able to hold a positive attitude to achieve his goals. We are so proud of George for seeking help and getting to where he is today!

“Feeling that I finally reached my mark, I feel very fulfilled in life. With the help of Jessica, the Easterseals Case Manager I have worked with for my entire time in the program, my family support and my wonderful son. Without these supports I could not have made my dream come true otherwise.” – George
