**Physicals and MARS**

A copy of current medication list or medication administration record will be necessary before participation. Evans Creek Retreat, LLC Up Camp continue to provide programs accredited by the American Camping Association, a national organization that defines the standards for quality camp experiences. To meet accreditation standards, it is necessary for Easterseals Oregon (ESO) to have a copy of the most recent camper physical on file at camp. The new standard requires a physical within **twelve months** of the camp date. ESO does understand the financial challenges this may present for some campers. However, current health information is an essential ingredient in providing a quality camp experience. Please contact the office if for some reason this camper is not financially able to submit a physical current within the last year. The physical does not need to be on the ESO form; however, it must be signed by a licensed physician approving that the camper is health appropriate for camp attendance. It is important that the physician list any restrictions and health precautions and current medications and treatments to be administered at camp. In the event a camper has a chronic negative health history, the health care personnel of ECR reserves the right to request additional information from the camper health care provider, including a physical before attending camp.
