

EASTERSEALS ART CONTEST FAQs

Should my painting include only one lily or flower?

Your artwork may include one or multiple lilies or flowers. However, please be sure to focus only on the flower, do not include a vase or anything else that will take away from the flowers. As of last year we are accepting other floral designs such as roses, daisies, tulips, etc.

How many pieces of artwork can I submit?

You may include as many pieces of art as you would like to submit. Please include an entry form and artist release form with each piece of artwork.

Should I include the words “Easterseals” and the year on my artwork?

No, if your artwork is chosen, the year and “Easterseals” will be added to it at the printing stage.

Should I sign my artwork?

It is up to the artist if they wish to sign their artwork. The majority of the entries are signed by the artist. We recommend signing it in the lower right-hand corner as to not distract from the image.

Will my artwork be returned to me?

If your artwork is not chosen as one of the final six pieces of art, and you live within the continental US, your artwork will be returned to you. We will gladly accept submissions from artists anywhere in the world, but can only return art within the continental US.

Can I submit photography to the Easterseals Art Contest?

No, unfortunately we do not accept photography for the Art Contest.
