

Our services

Adult Day Services offers people the opportunity to gain daily living, social and work-related skills.

Autism Therapy Services include ABA, speech, physical and occupational therapies. Our team focuses on therapies proven to be effective in increasing skills of children with autism spectrum disorders and similar disabilities.

Child Development Services give children from birth to age 5 early education opportunities and day care, and offers families workshops, training and other vital support.

Living Options provides the resources and support people need to live independently in their own homes and community—not institutions.

WorkFirst and our **Bob Hope Veterans Support Program** help individuals to get and keep paid employment.

Our purpose

To change the way the world defines and views disability by making profound, positive differences in people's lives every day.

Presidents' Council

taking on disability together

Feel good about giving.

Easterseals Presidents' Council is the premiere giving program that recognizes donations of \$1,000 or more. Presidents' Council members make a difference in the lives of individuals and their families through their support of services that assist people with disabilities to work, live independently and be active in their communities. We look forward to you joining our Presidents' Council.

Ability

**Gifts of
\$1,000-\$2,499**

An Ability Level Gift can support individuals to learn daily living, social and work-related skills in order to gain more independence and become active members of the community.

Dignity

**Gifts of
\$2,500-\$4,999**

A Dignity Level Gift can help supply a Child Development Center classroom with educational toys, equipment and supplies to enhance the learning experience for children.

Opportunity

**Gifts of
\$5,000-\$9,999**

An Opportunity Level Gift can help individuals on the path to financial independence by providing employment training or support to build their own small business.

Empowerment

**Gifts of
\$10,000-\$24,999**

An Empowerment Level Gift can help support behavior, speech and language therapies, as well as technology for children with autism early in life so that they can gain skills needed to be successful.

Independence

**Gifts of
\$25,000**

An Independence Level Gift can help provide individuals with the opportunity to move from institutions into a home in a local community with professional support to live as a full member of society.
