

CAREGIVER ENGAGEMENT IN BEHAVIORALLY-BASED AUTISM SERVICES

Recruiting Research Participants!!!

We are studying caregiver engagement in behavioral services (ABA) for children with autism.

You can participate if you are a primary caregiver of a child:

- under the age of 6
- with a diagnosis of autism
- who has been receiving ABA (applied behavior analysis) services for at least 6 months

What does this study involve?

- Providing informed consent
- An online survey
- A \$15 gift card for participation

For more information or to participate:

- Principal Investigator: Veenavi W Fernando, B.S., graduate student in Psychological Sciences
- Faculty Advisor: Allison Jobin, Ph.D., BCBA-D
- Email: sparccclab@csusm.edu
- Phone: (760) 750 - 8888
