celebrating **75** years
1942 - 2017

Seventy-five years ago, in the midst of a polio epidemic, many children in Greater Miami needed therapy and education and could not get those services in public schools. Filling that need was a new organization then called the Crippled Children's Society. From those days in a church basement has come Easterseals. We provided **therapy, education, special equipment, transportation** and have filled **other needs** as they arose. Responding to unmet needs in partnership with engaged families and community leaders has characterized our mission and approach.

Easterseals mission statement

To change the way the world defines and views disability by making profound, positive differences in people's lives every day.

Easterseals today

Our funding requests and marketing messages reinforce WHY we are committed to making South Florida a better place for people with disabilities to live, learn, work and play. We seek to attract the best talent, build our organization core competencies, secure adequate funding, expand our geographic reach, and deliver the highest quality services in our market.
