

March 16, 2020

Dear Caregivers, Participants and Staff,

The Easterseals team continues to monitor the evolving COVID-19 situation. The health and well-being of our families and staff remains our top priority.

Today, March 16, 2020, Gov. Hogan has mandated an executive order to **close adult day centers as of March 17, 2020 at 12:01am** to help mitigate the spread of the coronavirus (COVID-19) in our region. **Easterseals Adult Day Services will be closed tomorrow until further notice.**

As the situation related to the virus continues to evolve, Easterseals' Senior Leadership team will continue to follow directives from Federal, State and Local government agencies. We will continue to be in communication with you during this time.

During the time that the Centers are closed, staff will participate in communicating with families and participants to ensure that outreach is given during this time. Our Center Directors will continue also be in communication with staff and families on a continual basis.

Thank you for helping us keep our participants and staff healthy. We will be talking with you soon.

Stay safe,

Elizabeth Barnes
Senior Director, Adult and Senior Services
Easterseals DC MD VA
