Oldies But Goodies at the Page Custom Rods and Restoration Car Show

For the 7th year, the Annual Page Custom Rods and Restoration Car Show was a huge success. After a delay due to weather the previous month, the event yielded delightful weather.

Cars as far back as 1944 in all makes and models were on display for participants and car enthusiast to wander around. Participants were competitive in the “Best of Show” and the “Spectator Award.” It was a day full of music, fun, food, games, custom rods and trucks.

Through the efforts of event staff, donors, sponsors and participants, Easterseals UCP raised \$3200 in just one day. These funds will help support Easterseals UCP programs for children and adults with disabilities. For more information about Easterseals UCP, check out our website and follow us on Facebook, Twitter and Instagram.
