What We Do

We acquire refurbished laptops & desktops for a reasonable price and make them available for a flat rate of \$120. Income requirements will determine if client will need to make a full payment or be approved for a payment plan.

The World is quickly becoming connected at an ever increasing rate, and a computer is essential to our everyday needs for education, employment, and staying connected with our loved ones.

Steps to Apply

- Fill out the Application **completely**
- Mail/Fax/E-mail completed application back
- We will call to verify the application and references
- Payment option will be established and computer will be delivered (**local only**) or shipped to your address.
