

Home Based Early Head Start

Early childhood home visiting to support your child and family

As your child's first teacher, you are the most important person in their world.

During this uncertain time, you can help your child feel comforted and secure by finding ways to support their healthy development. You've got this! But you don't have to do this alone!

Virtual home visiting is available during the COVID-19 pandemic

- Even before the current health crisis, home visitors were already a critical link for new and expectant parents, providing one-on-one support at no cost to eligible families.
- Home visiting is available for families beginning prenatally and continuing up to age three.
- Home visiting activities can support the bond between you and your child to encourage their development. Home visiting can also help you build strategies to cope with the unique stress of the COVID-19 pandemic.
- Virtual home visiting can be an important lifeline as you navigate the new challenges brought on by this current health crisis.
- Enroll in a program and connect with your home visitor virtually through phone calls, FaceTime, Google Duo, and more. Your home visitor can drop off handouts on activities to do with your child.
- Home visits are designed to meet the needs and desires of your family. Home visitors can perform developmental screenings, provide information on developmental milestones and early learning, connect you to important community resources, and more.

ZOOM SOCIALIZATION TIME... Parents and children come together for some Family Fun Time, which includes fun and educational parent-child activities and a parent workshop. Topics that will be covered include parenting challenges, child development, nutrition, and health/ COVID-19 , along with other topics that may be of interest to you.

SOCIALIZATION INCLUDES

> Parenting workshops and social support > Parent-child interaction workshops > Child development tools

We provide educational materials!

For more information, contact our Head Start office at 1-872-213-5272
