

Head Start/Early Head Start locations

Head Start/Early Head Start is an early learning program nationally recognized for high-quality, family-centered education for children ages 6 weeks to 5 years. The goal of all Head Start and Early Head Start programs is to promote school readiness in young children of all abilities from families with incomes below poverty guidelines. Our programs integrate social and intellectual development through the provision of education, health, family, nutrition and other services.

Easterseals connects with community-based early childhood programs to support and maintain shared goals and best practices. These collaborations give children and families the opportunity for a brighter future and a head start to success. Easterseals is funded by two separate grants for Head Start/Early Head Start Services. We are a grantee of the Office of Head Start for services provided in suburban Cook County and a delegate of the Chicago Department of Family and Support Services for services provided in Chicago.

Easterseals partners with daycare centers to provide Head Start (HS) and Early Head Start (EHS) services to families living in these zip codes within suburban Cook County and to families living within the city of Chicago.
