

Wearing a Mask Social Story

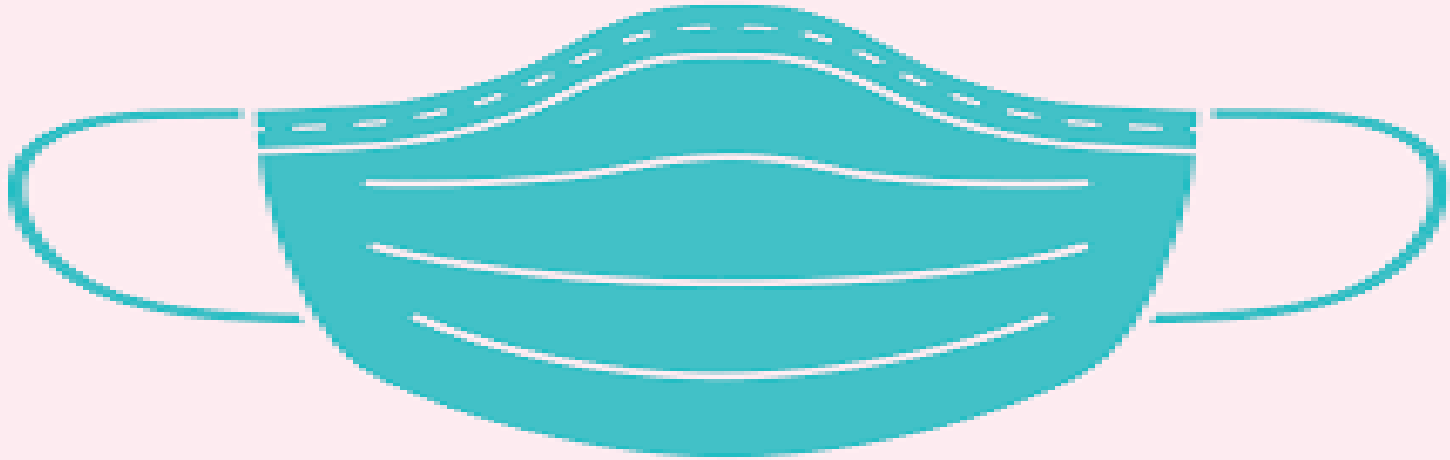

Alexa D. Jontz, ABA apprentice, Easterseals Central Illinois

4.7.20

Sometimes people get sick.

I can wear a mask to protect myself and other people.

I may not like wearing a mask, but it will help protect myself and others from viruses.

When I am sick, I can wash my hands and wear a face mask.

When other people are sick, I should wear a face mask too so everyone can stay safe!
