

OUR VISION

Easterseals Colorado's Older Adult Day Services provide support and care for adults 50 years of age or older with intellectual, developmental and/or physical disabilities. Our services provide a warm and inviting place where participants have increased social opportunities and engage in meaningful activities of their choice.

Our person-centered care services offer support and respite for caregivers while also providing supervision, assistance and quality care for their aging loved one. Easterseals Colorado's Older Adult Day Services enable participants to stay in their homes longer by providing the additional help and support they need during the day.
