

INNOVATIVE SERVICES FOR INDEPENDENT LIVES

The Bill Adami Fund for Innovation was created to honor the legacy of the late Bill Adami, former CEO of Easterseals, whose dedication and vision to improving the lives of people with disabilities, and commitment to thinking “outside of the box,” has had a lasting impact in our community.

This Fund makes it possible to pilot new programs and innovative projects that keep expanding the world of possibilities for people with disabilities. We need your support to ensure innovative solutions are available when families need them.

Give online at www.de.easterseals.com

Yes! I want to take action for local families by helping Easterseals provide life-changing services!
