

Like a trusted friend,  
Easterseals helps people with  
disabilities of all ages address  
life's challenges and achieve  
their personal goals.

## OUR MISSION

Easterseals provides exceptional services to ensure that all people with disabilities or special needs and their families have equal opportunities to live, learn, work and play in their communities.

Easterseals is a nonprofit organization that depends on the generous support of individuals, corporations and foundations to fully fund its programs. For more information on how you can help, go to [www.de.easterseals.com](http://www.de.easterseals.com) and click on "DONATE NOW."

# Why Choose Easterseals Adult Day Care?

## Choose Peace of Mind. Choose Easterseals.

The Easterseals Adult Day Care program serves adults 18 years of age and older who want to experience life, relationships and fun activities in a community setting rather than spend the day at home or in a nursing facility.

Participants in the program can continue to live at home while spending the day in a caring, supportive and active social environment. The program also provides a break for caregivers, spouses, adult children and others who have the dual responsibilities of working and taking care of a loved one. Within the program, young-at-heart participants of all ages value their independence and control over the activities they choose to enjoy.

Easterseals specializes in working with both younger adults and older adults with acquired disabilities, such as Multiple Sclerosis, stroke, brain or spinal cord injury, or orthopedic injuries, and those who need some level of support in day-to-day activities due to aging/dementia.

### You get individual care.

An individualized plan of care is developed that will provide for the participant's physical, social and emotional needs in a safe, homelike setting.

### You are in control.

Easterseals encourages families and participants to exercise self-direction within the program. Participants decide the activities that they choose to do, including arts, crafts, current event discussions, exercise, group games, computer access, community trips and more!

### You can benefit from other Easterseals services.

Program participants have access to other Easterseals services on site such as physical, occupational and speech therapy if prescribed by a physician. Assistive technology services are also available.

### At Easterseals, we promote well-being through social and health-related services by providing:

- Full time nursing services, such as care management, supplemental nutrition, continence care, medical administration and management.
- Nutritional meals and snacks that meet individual dietary requirements.
- Dignified assistance and support with activities of daily living, including personal care.
- Transportation to and from the center is included.

Flexibility! We have a flexible attendance policy so that you can tailor your schedule. Participants can attend from one to five days per week.
