

Coming to Easterseals: New Safety Procedures

When I arrive at Easterseals, I get my temperature checked and 1
my parent answers questions. This helps keep everyone safe.

I wait in the lobby until my therapist comes to get me.

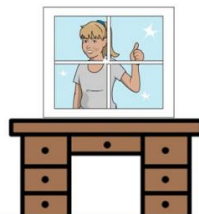

My therapist will be wearing a mask and sometimes 2
a face shield. I will be wearing a mask too. This
helps keep everyone safe.

We will wash our hands when we get to our
room.

The room we are in might have a shield near 3
the desk.

When we are ready to go home,
we wash our hands in the sink.
This helps keep us safe and healthy.
