

Easterseals Naples

This month's theme is bringing love and awareness. Our participants will be making Valentines Cards on the Cricut Machine.

14 of our participants submitted art work in the first annual art contest by Additional Needs Inc. at Naples Botanical Gardens on Saturday January 15th, 2022.

*Digital Art Work included items made on Cricut, photo editing, and 3D printer

Our community outings last month consisted of employment site Holiday Inn Club Vacations, Adaptive Sailing at Sugden Park, Social Club at Golden Gate Community Park (AIR).

We have openings in our additional programming during summer for those middle school age and up. The programming will teach digital literacy skills and life skills cooking. Please reach out if interested in the program.

We are enrolling for our Adult Day Training LEAP Program and additional programming. We also offer On-The-Job Training and Work Based Learning Experiences through Vocational Rehabilitation.
