

Easterseals Iowa Short-Term Pilot Ramp Project

Through the support of a one-time, limited grant, Easterseals Iowa is offering a pilot project to provide **short-term modular ramps** to lowans for up to one year. Easterseals Iowa remains the owner of the ramps during the duration of the use of the ramp. The ramps will be recycled and provided to others for short-term use.

- Available for lowans.
- Available for homeowners and renters but approval needed from the landlord.
- A completed application and intake are required to be considered.
- The ramps are for short term use – not to exceed one year.
- The ramps remain the property of Easterseals Iowa.
- There is a fee for the ramps.

For this pilot project, Easterseals Iowa is collaborating with Able up Iowa, Central States Mobility, Greater Des Moines Habitat for Humanity, and Happy at Home Consulting.
