

EMPOWERING TOMORROW'S LEADERS

2017 | ANNUAL  
REPORT

## A MESSAGE FROM THE PRESIDENT & CEO

Innovation and exploration were in the forefront throughout Easter Seals Massachusetts in 2017. The drive to meet unmet needs for people with disabilities in the Commonwealth has led to the creation of a variety of new programs. It seems not a week has gone by without a new potential program idea to consider. This creativity is on display throughout this report, and I venture that most readers will learn about something new while reading.

Of course, expansion is only possible under the right conditions. In our case, this is the strength of our long standing foundation programs and the support of our generous supporters.

As new programs sprout up, our Rehabilitation Services, Assistive Technology, and Pappas Rehabilitation Hospital for Children (PRHC) Program continue to grow and provide us with a healthy foundation. This year, our services at PRHC, once again were extended to year round. Our Assistive Technology Department opened another Assistive Technology Regional Center in Worcester in collaboration with MassMatch and Massachusetts Rehabilitation Commission.

Since much of our new programming is not funded by traditional means, we are only able to meet these needs through our loyal network of donors and volunteers. Nothing is more humbling than showing off the things that our donors and volunteers have done for us in 2017. We would not be where we are today without the contributions from both longtime and brand new supporters. Your commitment and enthusiasm is endless, and we are so grateful.

Please enjoy this review of 2017. I hope that the excitement that is being felt within our programs can be translated through these pages. Thank you for helping us to continue to ensure that children and adults with disabilities have equal opportunities to live, learn, work, and play.

Sincerely,

President & CEO  
Easter Seals Massachusetts

**EASTER SEALS MASSACHUSETTS** provides essential programs and services to children and adults with disabilities throughout the state. Our mission is to ensure that children and adults with disabilities have equal opportunities to live, learn, work and play.

## WHAT'S NEW

This year we introduced many new programs and services that we are incredibly proud of. Staying at the forefront of disability services enables us to continue

### ASSISTIVE TECHNOLOGY

#### AT On-Demand

With generous grant support from Comcast NBCUniversal, we now offer an innovative AT On-Demand program that provides free, curated kits of essential assistive technology (AT) to people in Massachusetts who have acute, urgent needs for assistive devices to help regain independence and communicate while hospitalized or recovering.

#### MassMATCH Assistive Technology Regional Center: Worcester

On October 13th we opened the newest MassMATCH Assistive Technology Regional Center in our offices in downtown Worcester. This new center will help children and adults with disabilities in central Massachusetts make informed decisions about assistive technology they can use to increase their independence at home, on the job, or in school. Individuals or groups are able to explore hundreds of high and low tech devices that can meet a variety of needs. The process is much like a lending library in that individuals can take home the equipment and try it out for up to four weeks. Hundreds of devices are available in the areas of communication, education, hearing and vision impairment, and daily living.

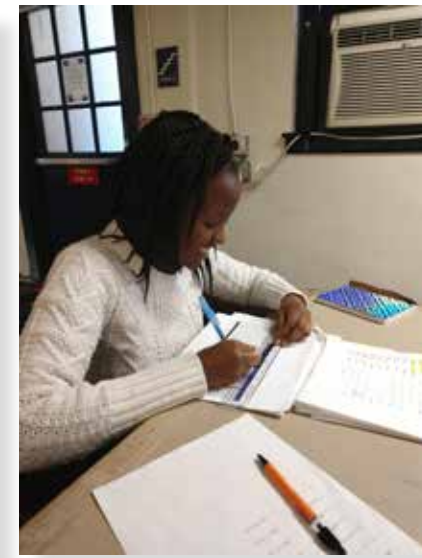

### YOUTH SERVICES

#### Brothers Against Discrimination- B.A.D.

Piggybacking off the incredible success of our Thrive program this year version of the program. The male group had the honor of naming this themselves and they chose Brothers Against Discrimination, or BAD for vide opportunities for young men with disabilities to develop the skills and to promote personal achievement and self-identity within a comm males with disabilities.

#### Career Exploration Program

This new program for young adults with disabilities is an opportunity about different career paths through group and one-to-one relationships. career fields in the community take part in career mentor activities which understand the world of work.

to be experts in our field and in doing so continue to ensure that children and adults with disabilities have equal opportunities to live, learn, work and play.

## RECREATION

### Adapted Swim Program

we began the male  
new program  
short. BAD will pro-  
of self-empowerment  
unity of other adult

After many years on hiatus, we brought the Adapted Swim Program back to Worcester. In partnership with the Massachusetts Department of Conservation and Recreation's (DCR) Universal Access Program, we offered a free, adapted recreational swim program this summer at DCR's Bennett Field Pool in Worcester. Lead by an aquatics instructor, the group participated in water safety activities, including games, that maximized independence skills in the water.

### Accessible Martial Arts

for them to learn  
Leaders in various  
help youth better

After launching the pilot at the end of 2016, our Accessible Martial Arts program was met with huge success in 2017. The program, which is for people with and without disabilities who want to learn and practice self-defense, stretching, exercise, and relaxation techniques, will add more sessions each month in Worcester as well as expand to Boston beginning in 2018.

## EMPLOYMENT & TRAINING SERVICES

### Intern Training Program

This new Pre-Employment & Training service, is an intern program for Massachusetts Rehabilitation Commission (MRC) referred students with disabilities between the ages of 16 – 22. These students, who are enrolled in one of the various high schools, post-secondary education or certificate training programs in the Worcester and Framingham areas, receive comprehensive training. Once trained, all students complete a paid, community-based 12 week internship to gain valuable on-the-job experience.

## MEET ABBY EXCELLING WITH EASTER SEALS MA

*"The self-confidence Abby has gained through Easter Seals MA programs alone has changed our 5-year plan entirely," said Michelle.*

Abby and her mother Michelle have shared an incredible bond since before she was born. While in utero Abby was diagnosed with Tuberous-sclerosis which has symptoms that include seizures, intellectual disability, developmental delay, and lung and kidney disease.

Michelle has been Abby's biggest advocate since the moment she learned of her diagnosis and Abby is quite attached to her mother.

Abby began attending Easter Seals MA's Accessible Martial Arts which is a program designed for people of all ages with and without disabilities who want to learn and practice self-defense, stretching, exercise, and relaxation techniques. Abby has always had an affinity for Martial Arts but Accessible Martial Arts was the first time she was able to practice with an instructor.

At first Abby needed her mom by her side throughout the program, but as she became more comfortable, Michelle was able to leave the room and Abby has excelled. Abby immediately felt at ease with our instructors Paul Medeiros, Easter Seals MA President & CEO; and Patrick Remy, Easter Seals MA Youth Services Coordinator. She has even been asked to help instruct the other students on occasion.

*"We cannot wait for our next Individualized Education Program meeting, the school is going to be blown away."*

"I love practicing the moves but learning meditation has really helped me cope with some of the stress I go through," said Abby, "It really helps me." In fact, Abby loved her experience at Accessible Martial Arts so much she also began participating in two more Easter Seals MA programs: Adapted Swim and Youth Leadership Network. All which have helped her socialize with her peers.

Michelle credits the individualized attention Abby receives at Easter Seals MA for many of her recent successes. For example, Abby had been taking swim lessons since she was very young and a goal for her had been to work on breathing properly while swimming, something she had been struggling with.

Abby was able to accomplish this goal within two weeks of participating in Easter Seals MA's Adapted Swim program. Abby was not only incredibly proud to now be swimming with her head in the water like other swimmers she had long admired, but as someone who suffers from seizures, it also made her feel safer.

**Easter Seals Massachusetts** is a statewide, community-based organization that has helped children and adults with disabilities to live full and independent lives for nearly 75 years.

\$12,632,299 Program Service Revenue

\$2,174,958 Grants & Contributions

**\$14,807,257 TOTAL REVENUE**

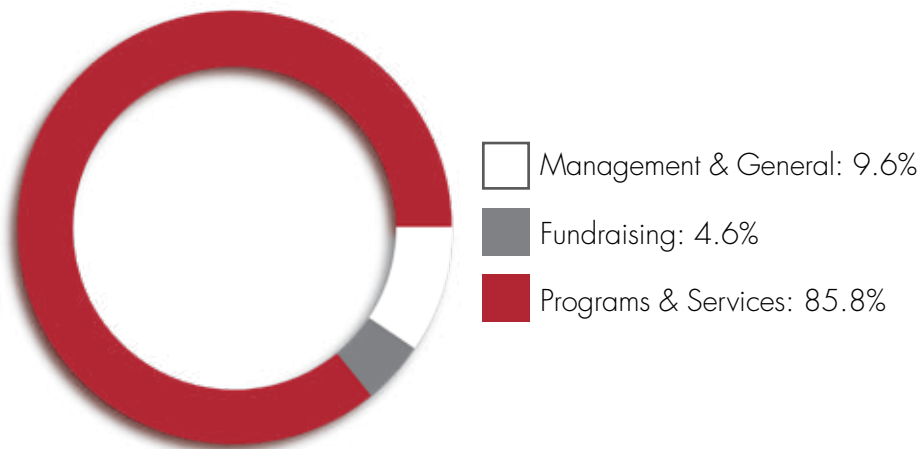

\$14,482,522 Expenses

\$324,735 Change in Net Assets from Operations

\$389,009 Investment Income

(\$764,366) Extraordinary Item: Change in Pension Obligation

**\$1,478,110 NET ASSETS AT END OF FY17**

## EASTER SEALS MA BY THE NUMBERS

**21,558** Children and adults with disabilities, family members, teachers and employers in Massachusetts who receive our services.

**326** Communities reached across the state.

**1-104** Age range of clients served. Easter Seals MA is the only statewide organization that serves people of any age, background and disability.

## EASTER SEALS MA PROGRAMS AND SERVICES INCLUDE

- Assistive Technology
- Student Aide Services
- Employment & Training Services

## SUCCESS STORIES

Easter Seals MA enjoyed several successes over the past year, but we could not have done it alone. We must thank our clients, donors, volunteers and employees who have not only helped us succeed, but also celebrated countless successes. We are so proud of the accomplishments of so many in 2017 and look forward to more in 2018.

### Jacob Fuentes Honored With Richard A. LaPierre Pioneer Award

This year we were proud to honor Rehabilitation Services client, Jacob Fuentes, with the Richard A. LaPierre Pioneer Award. The award, which named after former Easter Seals Massachusetts President & CEO Richard A. LaPierre, is given each year to a young person in Massachusetts who best demonstrates that pioneering spirit by breaking down barriers. Jacob always has a great attitude and never gives up no matter what obstacles are presented. That made him the perfect recipient of the award this year. We were incredibly proud to give it to him.

### Youth Leader and Volunteer Trevor Huntley Rises to Level of Eagle Scout

Trevor Huntley is a youth leader, volunteer, Easter Seals MA 2017 Leader of Tomorrow award recipient, and now an Eagle Scout with the Boy Scouts. Trevor is one of only 4-6% of Scouts who achieve this rank. He is also the only scout from his local troop to become an Eagle Scout. Having been born with Cerebral Palsy, Trevor never gave up on his dream of becoming an Eagle Scout despite his physical limitations. On March 21st, Trevor was also given a key to the city of Worcester by Mayor Joe Petty.

### Catherine Bly Honored with Carroll Society Award

We are very proud of MassMATCH Assistive Technology Regional Center: Boston Coordinator, Cathy Bly on being honored by the Carroll Center for the Blind. Cathy received the Carroll Society Award for her many accomplishments and her continued work at Easter Seals MA in the MassMATCH Assistive Technology Regional Center: Boston.

### Microsoft Donates Nearly \$1,000,000 in Products

Thanks to Easter Seals MA Board Member, Anissa Battaglino, Northeast Business Operations & Citizenship Manager at Microsoft, we were the grateful recipient of an incredibly generous donation of nearly \$1,000,000 in Microsoft products. These products allow our therapists and specialists to stay at the forefront of technology while continuing to provide exceptional programs and services out in the field and in a wide range of settings across Massachusetts.

### Jim and Meredith Dennison Receive Philanthropy Award

Jim and Meredith Dennison have been outstanding supporters of Easter Seals Massachusetts since 2002. They have been a big part of the Easter Seals MA Walk With Me event in Worcester since 2003, and they have done an incredible job not only raising funds for their team, but also donating their time and talent as volunteers. Two years ago the Dennison's began a fundraiser called Comedy for a Cause. The event has been a huge success and continues to grow each year. In 2016, Jim became a member of the board of directors for Easter Seals MA and continues to serve in this volunteer capacity. Jim and Meredith are generous and selfless supporters whose efforts have never tired throughout the years, in fact if anything, they have grown. So we were very proud but not surprised when they were honored as two of the top philanthropists in our area by the Association of Fundraising Professionals Massachusetts Chapter.

### Longtime Easter Seals MA Supporter Sheila Joslin Honored By The Boston Celtics

On March 12th, Sheila Joslin was honored as a "Hero Among Us" by the Boston Celtics for her 60 year commitment to advocating for people with disabilities. Sheila has worked tirelessly over her lifetime to help ensure that children and adults with disabilities have equal opportunities to live, learn, work and play.

### Inaugural We're Funk'd Festival Benefits Easter Seals MA

On July 9th the Springdale, Jack's Abby Craft Lagers, and Night Shift hosted their inaugural We're Funk'd Festival celebrating sour and wild beer. The event was a huge success with over 850 attendees and dozens of breweries from across the country, as a result We're Funk'd raised over \$10,000 for Easter Seals MA and the National MS Society.

# STEWARDS OF EMPOWERMENT

These donors go above and beyond, not only are they generous individually; they also do the vital work of asking others to give as well.

# EMPLOYEE CAMPAIGN

The Annual Employee Campaign surpassed its goal this year. Employees raised \$20,006 with 23 new donors and 30 returning donors. Easter Seals MA employees are committed to enhance our clients' lives. When ESMA employees choose to support their own organization by giving back it sets a wonderful example for our external donors and highlights the importance of being able to provide our programs and services to those who need them most.

Easter Seals MA Legacy Society recognizes donors who have established planned gifts through their estates and gifts that create income and other financial benefits. Deep gratitude is extended to all of our Legacy Society members and their families for leading the way for others in support of Easter Seals MA's mission.
