THE REASON FOR THE RAFFLE

Substance Use Services – September is National Recovery Month

A comprehensive treatment program can build the foundation that will support long term recovery by providing individuals with the tools, knowledge, and courage to work on living clean and sober. Easterseals Michigan's intensive outpatient services are tailored to the person's needs and includes weekly meetings over an 8-to-12-week duration. The program also includes family support services, access to psychiatric evaluation with medication management, and social support services. In addition, we offer outpatient services for the individuals and their families. Our therapists provide individual, family and group treatment typically once per week for a period of 8-to-12 weeks. Outpatient therapy is intended for those active in their recovery, stepping down from more intensive services and need ongoing treatment, as well as services to those in the co-dependent family and adult children of alcoholics. We also offer co-occurring services as behavioral health and substance abuse issues often go hand in hand. Easterseals Michigan's integrated treatment is the most effective approach for successfully treating people with co-occurring conditions. If you know someone and/or their family that could benefit from our substance use services have them reach out to us at: 1-800-75-SEALS.
