

You, Easter Seals & New Possibilities

Why ESNG?

One community

Our community is comprised of people of all abilities and all incomes. We believe our community should live, learn, and play together.

2 Great Events

1 Goal

All Easter Seals North Georgia's programs and services are offered at no charge to participants and their families. They are made possible by generous donations from individuals, foundations, and corporate partners.

Trick or Treat Trot 5K and Family Festival

This long-running annual event brings together all members of our community. Participants run, walk, and play. It's the perfect way to meet your constituents and let everyone know about your company.

Top Golf Event

This alternative to a golf event is perfect for golfers and non-golfers alike. We said we are inclusive, didn't we? Participants eat, drink, mingle, and golf at the Cinco de Mayo-themed event!

**Your support,
your community**

Easter Seals North Georgia

Easter Seals has been improving the lives of children with disabilities or other special needs in Georgia for 65 years. With your support, every year nearly 4,000 children start school healthy and ready to learn. Whether it's affordable high-quality early education programs, family-centered early intervention services, or support for families with medically fragile children, your help allows ALL children to realize their goals, dreams, and aspirations.

Partnership Opportunities

Our Partnership Package will provide your company with a wide range of marketability and viability at ESNG's two signature fundraising events. By becoming an Easter Seals partner, your company will provide children living in our communities opportunities that help broaden their horizons for the future and challenge them to dream about new possibilities for their lives.
