

SERVICES*

All services available under one roof!

Your child has the opportunity to have a complete team helping them reach their full potential—with the added bonus of timesaving convenience for busy families.

01 Speech-Language Therapy

Speech-Language pathologists evaluate and treat challenges with receptive language/ listening skills, self-expression, sound production, feeding, fluency, and oral motor function. Services also include assessment and treatment for alternative communication systems, including iPads.

02 Occupational Therapy

Occupational therapists evaluate and treat challenges with fine motor development, cognitive development, self-care skills, sensory integrative skills, visual perceptual skills and upper body strength/ coordination. Services also include assessment for assistive devices and other equipment.

03 Physical Therapy

Physical therapists evaluate and treat challenges with gross motor development/ movement, balance, coordination, strength, endurance, mobility, and joint and muscle motion. Services also include assessment for assistive devices and other equipment.

04 Audiology

Our audiologist provides comprehensive evaluations and screenings to assess hearing abilities and middle ear functioning.

BENEFITS ✓

Our Commitment

Easter Seals North Texas will strive to provide high-quality services to your child that utilize the following:

01

Evidence-Based Therapy

Our therapists are dedicated to using the research-based strategies that have been proven effective in helping children accomplish their therapy goals.

02

Licensed and Friendly Personnel

Therapy services are center-based, and provided by licensed therapists trained in the most current techniques and methods in the field. Our team members are professional and talented in their respective fields and "some of the best in DFW" according to our families!

03

Individualized Treatment Plans

We believe in a collaborative treatment model, which has our therapists working together with the Primary Care Physician and the family to ensure the treatment plan is individualized and best for each child. We understand everyone is unique, and that is why we provide treatment plans that are sensitive and respectful of the family's culture, values, beliefs, education, and life experiences.

04

Family-Centered Care

Therapists work with the family to determine priorities for intervention. We believe a child will make greater progress if the parents participate in the therapy sessions and home-programming activities. This way parents will learn to teach their children skills in order to enhance development throughout their life.

WHAT FAMILIES ARE SAYING ABOUT EASTER SEALS NORTH TEXAS*...

"I would recommend Easter Seals North Texas to anyone wanting to see improvements in their child."

"Before my child couldn't climb steps, cut or write and now they can do steps without a handrail and write on lined paper."

"BEST PLACE FOR THERAPY."

All ages are welcome

We help children of all ages, and adults who are young at heart, through our therapy services.

Insurance accepted

We have contracts with over 25 insurance companies in North Texas and accept most Medicaid plans. We also provide financial support for families in need when available and as eligible.

In 2012, 97% of families

felt their child made progress as a result of Pediatric Rehabilitation Therapy Services received at Easter Seals North Texas.*
